1. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
2. Claims 27 remains rejected under 35 U.S.C. 103(a) as being unpatentable over Tan '250, of record in view of Covell '770.

Tan teaches a carrying device as an integral part of luggage and an integral weight determining device as an integral part of the luggage. Note that member 14 has level lines and may use colors as well to indicate weight. In the event that the applicants do not consider the strap 3 to be integral with the luggage to have made it so in the well known manner of packs and shoulder strap would have been obvious in view of Covell.

3. Applicant's arguments filed 3/19/07 with regard to claim 27 have been fully considered but they are not persuasive. Contrary to applicant's arguments the device 10 of Tan is indeed integrated into the lifting element defined by 3 since it forms an anchor point to the bag for the strap. Being attached to the strap and forming an attachment point to the bag therefore integrates it with the strap. It performs part of the lifting or supporting function along with the rest of the strap.

4. Claims 1-15, 19-24, 26, 28 and 29 are allowed while claims 16-18, 25 and 30 have been canceled.

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within

Art Unit: 3781

TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
